Complaint Subject

To report an establishment for not complying with other County COVID-19 protection rules.

Complaint Details

This organization has refused to wear face masks and they continue meeting without regard to the previous past laws and health code mandates issued by Pima County. The building has a capacity of 500 people and there has been a COVID19 breakout in this place. There are over 140 people infected and the leadership refuses to take the precautionary measures to make sure people are safe. The leader's name is Isaac Noriega, a Hispanic male 77 years of age, DOB [REDACTED]. His wife recently passed away approximately [REDACTED] however it is unknown if it was COVID related. I personally have an elderly aunt and cousin who have been infected by the continual attendance. This behavior is egregious and need to stop before it gets worse (if that is even possible).

Thank you, [REDACTED]
