Complaint Subject

To report an establishment for not complying with other County COVID-19 protection rules.

Complaint Details

This establishment is violating the social distancing and 50 or less requirement with gatherings. This establishment is still conducting services. Recently the past two weeks, there has been multiple people who have been infected with the virus Coiv-19 and has passed. More people are contacting this virus and keep passing away. Even after the recent deaths (about 10) in the past two weeks, this church continues to conduct services.

Subject: RE: [SECURE] Update to Church Cluster

Hi Mary,

Exposure of this case:

- Exposure to someone with COVID like symptoms or someone who tested positive for COVID-19 in the 14 days prior to onset = reported **Unknown**
- Travel in 14 days prior to onset = **NO**
- Gathering of more than 10 people in 14 day prior to onset = **YES** (this church)
- Work = **NO**
- They were not being followed up as a contact

Thanks,
Matt

Subject: RE: [SECURE] Update to Church Cluster

short answer:

- we can't call this an outbreak.
- Governor's latest guidance does not have mandates for Churches, masking etc. (see links below)
- Matt, we need to be sure that the latest case could not have been exposed elsewhere. are they a contact to family case? other events in previous 14-days?
 - last individual interviewed by EPI on 8/27/20 insisted Church goers were now required to wear face masks and separate
- CHFS last complaint was 2 weeks ago per Gary. from family members that do not attend Church
- ADHS is checking to see if there is an AZ statute that will allow EPI to investigate given this new case exposed more people on 8/30 and the pastor won't cooperate
- Can we see if Fire/Building codes are OK. Pastor has to let fire Marshall in to inspect? Wonder if EPI could enter with the Fire Marshal as a way to get foot in door. Prob be counterproductive

Please let me know if you have any questions.

Mary

detailed info (includes links to Gov's guidance):

- new case below is > 14-days since the first cluster of 6 cases. Brief description of 1st cluster:
 - onset dates: 7/28—8/9
 - CFR was 50%, now increased, at 67% (5/6). Likely CFR much lower as we only know about cases that are very sick. CFR will decrease if there are more mild COVID-19 cases. More of a reason for the Church to work with us

- because > 14 days since first cluster, case below could have been exposed elsewhere
 - we can't say "cluster" is over. AND we can't say it's an outbreak b/c most of the case info gathered is second hand
- what we can say: case below attended the Church when contagious and exposed anyone within 6 feet for more than 15 minutes. If exposed were susceptible, we can expect more cases from the 8/30/20 exposure

ADHS web page for Churches:

- ADHS recommendations below were written in May and seem outdated b/c they were written before local jurisdictions implicated mandatory mask wearing.
 - <https://www.azdhs.gov/documents/preparedness/epidemiology-disease-control/infectious-disease-epidemiology/novel-coronavirus/community/return-stronger-worship.pdf>
- More recent ADHS Guidance for Places of Worship was posted with Executive Order 2020-33
 - https://azgovernor.gov/sites/default/files/guidance_for_places_of_worship.pdf
 - going to Church essential activity
 - conduct services in a manner that provides appropriate physical distancing to extent feasible
 - no mandates: masking, etc.

No possible enforcement per permits that I can see:

- No kitchen permitted with CHFS
- Emily could not find a permitted childcare program (ADHS, Childcare Resource and Referral).
 - don't require license if parents are on-site
- can we check to see if building codes are up-to-date, i.e., has the Fire Marshall does his/her yearly inspection

P:

- Working with ADHS now to see what we can do since Church is refusing assistance AND case recently exposed more Church goes on August 30th
 - specifically asking if there's an AZ statute that applies so EPI can complete the investigation
- Could we get county legal review to see if the Tucson mask mandate applies to Churches, i.e., does the civil fine apply to the Church
 - probably not given the Governor's last guidance AND local mask order applies public places??
- Matt, did the INV today uncover any other possible places of exposure?

Please let me know if you have any questions

Mary

Subject: [SECURE] Update to Church Cluster

Good morning,

Maximus has identified an additional case that admits to attending Golden Dawn Tabernacle.

- [REDACTED]
 - Per case notes- "The case reported attending the Church Golden Dawn tabernacle near Desert Diamond Casino. The case stated the health protocols are not being respected. Masks are not used inside the church. Case stated many congregates have been infected and others have died."
 - Sx onset 8/27/20, last attended church 8/30/20
 - Provided 5 contacts
 - 4 household
 - 1 out of household—last exposure day 8/29/20, so unlikely from the church

Please let me know if you have additional recommendations.

Thank you,

Subject: RE: [SECURE] Update to Church Cluster

EPI has a linelist of 6 people for the first cluster. last case in that cluster of 6 didn't have a connection with the case below.

EPI was only told about the additional case below.

Matt could you please verify if there was an additional case that tested on 8/15 . If yes, could you please send the medsis ID to EPI.

Team, we need to link all the cases in medsis outbreak module OR maximus needs to add the case info on EPI's line list since Maximus data are not in medsis.

Since maximus doesn't have access to outbreak modules, recommend that we add the cases on the line list that Davyn sent out last Friday

thanks!

- Emily could not find a permitted childcare program (ADHS, Childcare Resource and Referral).
 - don't require license if parents are on-site
- can we check to see if building codes are up-to-date, i.e., has the Fire Marshall does his/her yearly inspection

P:

- Working with ADHS now to see what we can do since Church is refusing assistance AND case recently exposed more Church goers on August 30th
 - specifically asking if there's an AZ statute that applies so EPI can complete the investigation
- Could we get county legal review to see if the Tucson mask mandate applies to Churches, i.e., does the civil fine apply to the Church
 - probably not given the Governor's last guidance AND local mask order applies public places??
- Matt, did the INV today uncover any other possible places of exposure?

Please let me know if you have any questions

Mary

Subject: [SECURE] Update to Church Cluster

Good morning,

Maximus has identified an additional case that admits to attending Golden Dawn Tabernacle.

- [REDACTED]
 - Per case notes- “The case reported attending the Church Golden Dawn tabernacle near Desert Diamond Casino. The case stated the health protocols are not being respected. Masks are not used inside the church. Case stated many congregates have been infected and others have died.”
 - Sx onset 8/27/20, last attended church 8/30/20
 - Provided 5 contacts
 - 4 household
 - 1 out of household—last exposure day 8/29/20, so unlikely from the church

Please let me know if you have additional recommendations.

Thank you,

Subject: RE: [SECURE] Update to Church Cluster

EPI has a linelist of 6 people for the first cluster. last case in that cluster of 6 didn't have a connection with the case below.

EPI was only told about the additional case below.

Matt could you please verify if there was an additional case that tested on 8/15 . If yes, could you please send the medsis ID to EPI.

Team, we need to link all the cases in medsis outbreak module OR maximus needs to add the case info on EPI's line list since Maximus data are not in medsis.

Since maximus doesn't have access to outbreak modules, recommend that we add the cases on the line list that Davyn sent out last Friday

thanks!

Subject: RE: [SECURE] Update to Church Cluster

short answer:

- we can't call this an outbreak.
- Governor's latest guidance does not have mandates for Churches, masking etc. (see links below)
- Matt, we need to be sure that the latest case could not have been exposed elsewhere. are they a contact to family case? other events in previous 14-days?
 - last individual interviewed by EPI on 8/27/20 insisted Church goers were now required to wear face masks and separate
- CHFS last complaint was 2 weeks ago per Gary. from family members that do not attend Church
- ADHS is checking to see if there is an AZ statute that will allow EPI to investigate given this new case exposed more people on 8/30 and the pastor won't cooperate
- Can we see if Fire/Building codes are OK. Pastor has to let fire Marshall in to inspect? Wonder if EPI could enter with the Fire Marshal as a way to get foot in door. Prob be counterproductive

Please let me know if you have any questions.

Mary

detailed info (includes links to Gov's guidance):

- new case below is > 14-days since the first cluster of 6 cases. Brief description of 1st cluster:
 - onset dates: 7/28—8/9
 - CFR was 50%, now increased, at 67% (5/6). Likely CFR much lower as we only know about cases that are very sick. CFR will decrease if there are more mild COVID-19 cases. More of a reason for the Church to work with us
- because > 14 days since first cluster, case below could have been exposed elsewhere
 - we can't say "cluster" is over. AND we can't say it's an outbreak b/c most of the case info gathered is second hand
- what we can say: case below attended the Church when contagious and exposed anyone within 6 feet for more than 15 minutes. If exposed were susceptible, we can expect more cases from the 8/30/20 exposure

ADHS web page for Churches:

- ADHS recommendations below were written in May and seem outdated b/c they were written before local jurisdictions implicated mandatory mask wearing.
 - <https://www.azdhs.gov/documents/preparedness/epidemiology-disease-control/infectious-disease-epidemiology/novel-coronavirus/community/return-stronger-worship.pdf>
- More recent ADHS Guidance for Places of Worship was posted with Executive Order 2020-33
 - https://azgovernor.gov/sites/default/files/guidance_for_places_of_worship.pdf
 - going to Church essential activity
 - conduct services in a manner that provides appropriate physical distancing to extent feasible
 - no mandates: masking, etc.

No possible enforcement per permits that I can see:

- No kitchen permitted with CHFS
- Emily could not find a permitted childcare program (ADHS, Childcare Resource and Referral).
 - don't require license if parents are on-site
- can we check to see if building codes are up-to-date, i.e., has the Fire Marshall does his/her yearly inspection

P:

- Governor's latest guidance does not have mandates for Churches, masking etc. (see links below)
- Matt, we need to be sure that the latest case could not have been exposed elsewhere. are they a contact to family case? other events in previous 14-days?
 - last individual interviewed by EPI on 8/27/20 insisted Church goers were now required to wear face masks and separate
- CHFS last complaint was 2 weeks ago per Gary. from family members that do not attend Church
- ADHS is checking to see if there is an AZ statute that will allow EPI to investigate given this new case exposed more people on 8/30 and the pastor won't cooperate
- Can we see if Fire/Building codes are OK. Pastor has to let fire Marshall in to inspect? Wonder if EPI could enter with the Fire Marshal as a way to get foot in door. Prob be counterproductive

Please let me know if you have any questions.

Mary

detailed info (includes links to Gov's guidance):

- new case below is > 14-days since the first cluster of 6 cases. Brief description of 1st cluster:
 - onset dates: 7/28—8/9
 - CFR was 50%, now increased, at 67% (5/6). Likely CFR much lower as we only know about cases that are very sick. CFR will decrease if there are more mild COVID-19 cases. More of a reason for the Church to work with us
- because > 14 days since first cluster, case below could have been exposed elsewhere
 - we can't say "cluster" is over. AND we can't say it's an outbreak b/c most of the case info gathered is second hand
- what we can say: case below attended the Church when contagious and exposed anyone within 6 feet for more than 15 minutes. If exposed were susceptible, we can expect more cases from the 8/30/20 exposure

ADHS web page for Churches:

- ADHS recommendations below were written in May and seem outdated b/c they were written before local jurisdictions implicated mandatory mask wearing.
 - <https://www.azdhs.gov/documents/preparedness/epidemiology-disease-control/infectious-disease-epidemiology/novel-coronavirus/community/return-stronger-worship.pdf>
- More recent ADHS Guidance for Places of Worship was posted with Executive Order 2020-33
 - https://azgovernor.gov/sites/default/files/guidance_for_places_of_worship.pdf
 - going to Church essential activity
 - conduct services in a manner that provides appropriate physical distancing to extent feasible
 - no mandates: masking, etc.

No possible enforcement per permits that I can see:

- No kitchen permitted with CHFS
- Emily could not find a permitted childcare program (ADHS, Childcare Resource and Referral).
 - don't require license if parents are on-site
- can we check to see if building codes are up-to-date, i.e., has the Fire Marshall does his/her yearly inspection

P:

- Working with ADHS now to see what we can do since Church is refusing assistance AND case recently exposed more Church goes on August 30th
 - specifically asking if there's an AZ statute that applies so EPI can complete the investigation
- Could we get county legal review to see if the Tucson mask mandate applies to Churches, i.e., does the civil fine apply to the Church
 - probably not given the Governor's last guidance AND local mask order applies public places??
- Matt, did the INV today uncover any other possible places of exposure?

Please let me know if you have any questions

Mary

Subject: [SECURE] Update to Church Cluster

Good morning,

Maximus has identified an additional case that admits to attending Golden Dawn Tabernacle.

- [REDACTED]
 - Per case notes- “The case reported attending the Church Golden Dawn tabernacle near Desert Diamond Casino. The case stated the health protocols are not being respected. Masks are not used inside the church. Case stated many congregates have been infected and others have died.”
 - Sx onset 8/27/20, last attended church 8/30/20
 - Provided 5 contacts
 - 4 household
 - 1 out of household—last exposure day 8/29/20, so unlikely from the church

Please let me know if you have additional recommendations.

Thank you,

Subject: RE: [SECURE] Update to Church Cluster

Isn't it two cases in 14 days that are epi linked?? From CTSE and what ADHS endorsed?

I thought that we met that based on the 9/1 current case and the testing of 8/15 on one of the cases?

 - https://azgovernor.gov/sites/default/files/guidance_for_places_of_worship.pdf
 - going to Church essential activity
 - conduct services in a manner that provides appropriate physical distancing to extent feasible
 - no mandates: masking, etc.

No possible enforcement per permits that I can see:

- No kitchen permitted with CHFS
- Emily could not find a permitted childcare program (ADHS, Childcare Resource and Referral).
 - don't require license if parents are on-site

- can we check to see if building codes are up-to-date, i.e., has the Fire Marshall does his/her yearly inspection
- P:
- Working with ADHS now to see what we can do since Church is refusing assistance AND case recently exposed more Church goers on August 30th
 - specifically asking if there's an AZ statute that applies so EPI can complete the investigation
 - Could we get county legal review to see if the Tucson mask mandate applies to Churches, i.e., does the civil fine apply to the Church
 - probably not given the Governor's last guidance AND local mask order applies public places??
 - Matt, did the INV today uncover any other possible places of exposure?

Please let me know if you have any questions

Mary

Subject: [SECURE] Update to Church Cluster

Good morning,

Maximus has identified an additional case that admits to attending Golden Dawn Tabernacle.

- [REDACTED]
 - Per case notes- “The case reported attending the Church Golden Dawn tabernacle near Desert Diamond Casino. The case stated the health protocols are not being respected. Masks are not used inside the church. Case stated many congregates have been infected and others have died.”
 - Sx onset 8/27/20, last attended church 8/30/20
 - Provided 5 contacts
 - 4 household
 - 1 out of household—last exposure day 8/29/20, so unlikely from the church

Please let me know if you have additional recommendations.

Thank you,

Davyn Louis, MS, RS

Attached is the report about the church with the cluster of cases that we have had a hard time engaging with. Since then an additional case related with that venue has been identified.

Do you have suggestions for a communication from your office to the pastor on mask usage and complying with public health recommendations.

Attachments: [SECURE] Epi summary report

Davyn, is there any update on this list? Can you add the new one here?

Can you also indicate the date of testing and date of result since we now have the new case? (on the excel spread sheet)

thanks

Andy

Attached is the report about the church with the cluster of cases that we have had a hard time engaging with. Since then an additional case related with that venue has been identified.

Do you have suggestions for a communication from your office to the pastor on mask usage and complying with public health recommendations.

Mary, what else should we do? definitely an outbreak. Should we/do we have Gary or CHFS go out yet? I cant recall

The concern is that this has now spanned at least four weeks (if I remember correctly).

Subject: [SECURE] Update to Church Cluster

Good morning,

Maximus has identified an additional case that admits to attending Golden Dawn Tabernacle.

- [REDACTED]
 - Per case notes- “The case reported attending the Church Golden Dawn tabernacle near Desert Diamond Casino. The case stated the health protocols are not being respected. Masks are not used inside the church. Case stated many congregates have been infected and others have died.”
 - Sx onset 8/27/20, last attended church 8/30/20
 - Provided 5 contacts
 - 4 household
 - 1 out of household—last exposure day 8/29/20, so unlikely from the church

Please let me know if you have additional recommendations.

Thank you,

Davyn Louis, MS, RS

Maximus has identified an additional case that admits to attending Golden Dawn Tabernacle.

- [REDACTED]
 - Per case notes- "The case reported attending the Church Golden Dawn tabernacle near Desert Diamond Casino. The case stated the health protocols are not being respected. Masks are not used inside the church. Case stated many congregates have been infected and others have died."
 - Sx onset 8/27/20, last attended church 8/30/20
 - Provided 5 contacts
 - 4 household
 - 1 out of household—last exposure day 8/29/20, so unlikely from the church

Please let me know if you have additional recommendations.

I don't believe they have a permitted kitchen.

Btw I sent davyn's report to the PCOA.

Andy
Attached is the report about the church with the cluster of cases that we have had a hard time engaging with. Since then an additional case related with that venue has been identified.

Do you have suggestions for a communication from your office to the pastor on mask usage and complying with public health recommendations.

Subject: [secure] EPI Summary Report
Attachments: Church_GDT_August 2020xlsx.xlsx

Hi everyone,
please see EPI summary and spreadsheet with case details and summary report of each case investigation.
Please let us know if you have any questions.

Situation:

EPI received notification on Friday, August 21st PM from an anonymous caller reporting a cluster of 5 confirmed covid-19 cases connected to the Golden Dawn Tabernacle Church.

Three of five cases are now deceased.

EPI conducted CI and attempted CT. Cases and family members of deceased declined to provide details on exposures. EPI continues ongoing monitoring and case finding. Only one additional case to date has been identified.

Background:

Church is located at E. Los Reales Road and South Nogales Highway.

Recent reports to CHFS re random COVID-19 compliance complaints estimate attendance around 200

Medical record review indicated “everyone in the congregation was sick”

PCHD Community Support Members made multiple attempts to establish a connection and gain church leadership trust. Attempts at providing education on prevention and control measures were unsuccessful.

Reports in media that Church goers are discouraged from going to the hospital and seeking medical treatment

34% (2/5) Medical record reviews indicated treatment declined by case

Church congregation seems to be private and not open to the neighboring community (see map of confirmed cases below demonstrating cases not connected by a common geographic area).

Assessment:

- cluster(n=6) of confirmed cases associated in time with reported Church exposure in the previous incubation period (14-days) provided by anonymous caller and one additional case
 - 2/6 cases confirmed exposure at Golden Dawn Tabernacle Church
 - 2/6 interviewed, declined to provide details on a specific church attendance
 - 2/6 lost to follow-up
- With an estimated congregation of 200, there are likely more cases in the community
- Case Fatality Rate: 50% (3/6), will likely rise with 2 additional hospitalized cases, now DNR
- 83% (5/6) of hospitalized and deceased cases represent ages 72—80.
- 17% (1/6) sought care at an Urgent Care, age 55
- Cases and/or next of kin declined to provide details on common church exposure. Most details were provided by an anonymous caller to PCHD

Recommendation:

- EPI will continue to do ongoing case finding for additional cases among church members via family, anonymous reporting or MEDSIS case investigations/CT
 - 2 incubation periods will be over on September 7th

CIs happened yesterday/today. only 1 family member would provide details re church he said the church now following guidelines: masking, social distancing, no hugging, etc.

interesting that some family members would admit to going church, refused any details: name of church and dates/times attended

epi will continue to look for more cases.
Davyn will send a summary report tomorrow morning

Mary folks have been trying to do this for two weeks. Gary, Manny, Linda Leatherman all have tried. To the point of even going over to the compound and throwing info over the walls and hoping someone will pick it up. If you think you can get to him and get him to do things differently please do so ASAP. I agree confrontation is not ideal.

Subject: RE: [secure] Anonymous Call Concerning Golden Dawn Tabernacle

Hi Dr. Garcia,

understand need for legal interventions.

From an EPI standpoint, we hope to provide education and gain community trust, now it's covid, future it could be something else

Agree, in this situation not hopeful since they haven't wanted to connect with Manny and Linda.

So far 50% CFR, likely more cases associated with this exposure

As cases investigated, EPI will offer to send education to the family member, for family member to give to contacts. attendees can choose to educate each other without involving church directly.

was hoping to try to gain trust from a sympathetic family member ... to prevent add'l cases, deaths

we will have report of CIs as soon as possible

Mary
Manny and Linda Leatherman have been trying to establish a connection. But there seems to be no one who wants to connect. Therefore this is why we are exploring legal avenues for action.

Subject: RE: [secure] Anonymous Call Concerning Golden Dawn Tabernacle

quick FYI.

EPI is creating a separate QX so we can be sure all exposure questions are asked consistently to identify all possible exposures. everyone will be called today.

so far 3% (6/200) attendees are cases

thinking one approach may be to work with the church to prevent additional exposures, if they are willing.

epi will not take any action unless approved by leadership
we will send f/up with details of inv.

Manny this is super sensitive information. Please this type of info securely and do not copy anyone who does not need to know.

For Linda specifically all she needs to know is that it is alleged that 3 congregants are dead and 2 are in the hospital.

Having said that, thank you for digging these details up. lets pass them along to mary and the epi crew to figure out whether these are real or not. If they are we may have a cluster

Hey Linda,

I just got off the phone with a person who chose to remain nameless. He did however give me some more information on Golden Dawn Tabernacle and the COVID-19 Pandemic.

Here are the names and dates of three congregants of Golden Dawn Tabernacle that have passed away because of COVID-19:

[REDACTED]

The following list is of people who are currently in the hospital with COVID-19

[REDACTED] - Hospital Unknown
[REDACTED] - St. Mary's Hospital

This information would have to be checked into for accuracy but those are the names he gave me.

As for phone numbers, here are all the ones he gave me, some you may already have

Pastor Isaac Noriega

Home- [REDACTED]
Mobile- [REDACTED]
Email: [REDACTED]
Church- [REDACTED]

Assistant Pastor Matthew Noriega

[REDACTED]

I hope this information is useful, have a good and relaxing weekend

CIs happened yesterday/today. only 1 family member would provide details re church he said the church now following guidelines: masking, social distancing, no hugging, etc.

interesting that some family members would admit to going church, refused any details: name of church and dates/times attended

epi will continue to look for more cases.
Davyn will send a summary report tomorrow morning

Hi Dr. Garcia,

understand need for legal interventions.

From an EPI standpoint, we hope to provide education and gain community trust, now it's covid, future it could be something else

Agree, in this situation not hopeful since they haven't wanted to connect with Manny and Linda.

So far 50% CFR, likely more cases associated with this exposure

As cases investigated, EPI will offer to send education to the family member, for family member to give to contacts. attendees can choose to educate each other without involving church directly.

was hoping to try to gain trust from a sympathetic family member ... to prevent add'l cases, deaths

we will have report of CIs as soon as possible

Subject: RE: [secure] Anonymous Call Concerning Golden Dawn Tabernacle

quick FYI.

EPI is creating a separate QX so we can be sure all exposure questions are asked consistently to identify all possible exposures. everyone will be called today.

so far 3% (6/200) attendees are cases

thinking one approach may be to work with the church to prevent additional exposures, if they are willing.

epi will not take any action unless approved by leadership

we will send f/up with details of inv.

Manny this is super sensitive information. Please this type of info securely and do not copy anyone who does not need to know.

For Linda specifically all she needs to know is that it is alleged that 3 congregants are dead and 2 are in the hospital.

Having said that, thank you for digging these details up. Lets pass them along to mary and the epi crew to figure out whether these are real or not. If they are we may have a cluster

Subject: Anonymous Call Concerning Golden Dawn Tabernacle

Hey Linda,

I just got off the phone with a person who chose to remain nameless. He did however give me some more information on Golden Dawn Tabernacle and the COVID-19 Pandemic.

Here are the names and dates of three congregants of Golden Dawn Tabernacle that have passed away because of COVID-19:

[REDACTED]

The following list is of people who are currently in the hospital with COVID-19

[REDACTED] - Hospital Unknown

[REDACTED] - St. Mary's Hospital

This information would have to be checked into for accuracy but those are the names he gave me.

As for phone numbers, here are all the ones he gave me, some you may already have

Pastor Isaac Noriega

Home- [REDACTED]

Mobile- [REDACTED]

Email: [REDACTED]

Church- [REDACTED]

Assistant Pastor Matthew Noriega

I hope this information is useful, have a good and relaxing weekend

Respectfully,

Manny Mejias

Subject: Anonymous Call Concerning Golden Dawn Tabernacle

Hey Linda,

I just got off the phone with a person who chose to remain nameless. He did however give me some more information on Golden Dawn Tabernacle and the COVID-19 Pandemic.

Here are the names and dates of three congregants of Golden Dawn Tabernacle that have passed away because of COVID-19:

The following list is of people who are currently in the hospital with COVID-19

[REDACTED] - Hospital Unknown
[REDACTED] - St. Mary's Hospital

This information would have to be checked into for accuracy but those are the names he gave me.

As for phone numbers, here are all the ones he gave me, some you may already have

Pastor Isaac Noriega

Home- [REDACTED]
Mobile- [REDACTED]
Email: [REDACTED]
Church- [REDACTED]

Assistant Pastor Matthew Noriega

[REDACTED]

I hope this information is useful, have a good and relaxing weekend

Respectfully,

Manny Mejias

Hi Manny,

Apologies for the late response on this, do you have an update on this issue?

Not sure we have much in the way of enforcement, other than to have complainants issue something electronically on our webpage.

Best,
Louie

Morning Louie,

Sorry to bother you but I need a little direction. I have been contacted about the happenings at Golden Dawn Tabernacle four times already. (this is the fourth). In response I have attempted to contact the Pastor numerous times, even going so far as to drive to the building itself which I could not get in to because of the security. I was finally able to get an email address to which I sent Federal and State guidelines. I got no response.

Other than reaching out and notifying the Pastor I'm not really sure how I can help these people? Any direction you could give me would be appreciated very, very much. Thank you in advance for your prompt reply. Have a great day and an awesome weekend.

Hello Mr. Mejias,

I wanted to follow up with you regarding the serious health situation going on at Golden Dawn 301 E. Los Reales Rd. Members are asking me if they will receive help from your office and have the organization take the correct and precautionary measures to make sure the COVID-19 outbreak is stopped. These people are afraid to speak up and have asked for help in bringing this to light.

Thank you very much in advance and if you need anything from me, please let me know.

Good afternoon,

Our MRCSA staff is attempting to follow up with all of these cases, including Next of Kin for the deceased. I will send an updated summary for each case when they are finished.

I have been looking into cases that are in the same neighborhood as the church, but have not been able to make any linkages yet. I am still searching the area, as well as other cases on the same street as our known ones. However, I am not sure if proximity will be a relevant factor in this situation. From what I have read about Golden Dawn Tabernacle, it seems to be a fairly specific organization that you do not attend just because you live in the neighborhood.

To show this, I've mapped out the home address of our 6 known cases in relation to the location of the church.

- [REDACTED]
 - Confirmed COVID death (DOD [REDACTED])
 - Per medical records—he refused Remdesivir and convalescent plasma, wife brought ‘herbal medication’ to him while hospitalized
 - Investigation conducted by PCHD 8/11 with case’s wife while he was hospitalized
 - Wife denied him attending large gatherings, denies having sx herself and she was not tested
- [REDACTED]
 - Confirmed COVID death (DOD [REDACTED])
 - Per medical records—“patient initially did not want to be treated” but was convinced by MD, later was insistent again on discontinuing treatment
 - Interview was attempted by PCHD, case could not be reached
- [REDACTED]
 - Not in MEDSIS as deceased yet, however death cert may not have been received if he just passed on [REDACTED]
 - Seen at VA hospital—will send medical records request now
 - Case assigned to Maximus 8/18, unsure if investigation was completed
- [REDACTED]
 - Investigation was attempted by PCHD, multiple calls and letter sent
 - Admitted to BUMCS since 8/03/20
 - Now on comfort care, DNR
- [REDACTED]
 - Admitted to St. Mary’s hospital since 8/18/20
 - Critically ill, DNR

- Per records—“ PT FAMILY INFORMED PT AND ENTIRE CHURCH CONGREGATION HAS COVID AND PT HAS BEEN ILL FOR ALMOST 3 WEEKS”
- Case assigned to Maximus 8/21, unsure if investigation was complete

Hi all,

I've looked into Golden Dawn Tabernacle previously for CHFS, as they have received a few complaints about them. I searched an extract of all MEDSIS cases and did not see this facility mentioned at all on any cases (the extract includes comments section where most investigators put their notes). Investigators also alert me when any large gatherings are mentioned during an investigation.

If you have patient information, I could find out if they are cases or not. Apologies if that information is included on this email and I can't see it, I'm emailing from my phone.

Thanks everyone,
Davyn

Manny this is super sensitive information. Please this
type of info securely and do not copy anyone who does
not need to know.

For Linda specifically all she needs to know is that it is
alleged that 3 congregants are dead and 2 are in the
hospital.

Having said that, thank you for digging these details
up. lets pass them along to mary and the epi crew to
figure out whether these are real or not. If they are we
may have a cluster

Hi all,

I've looked into Golden Dawn Tabernacle previously for CHFS, as they have received a few complaints about them. I searched an extract of all MEDSIS cases and did not see this facility mentioned at all on any cases (the extract includes comments section where most investigators put their notes). Investigators also alert me when any large gatherings are mentioned during an investigation.

If you have patient information, I could find out if they are cases or not. Apologies if that information is included on this email and I can't see it, I'm emailing from my phone.

Thanks everyone,
Davyn

Manny this is super sensitive
information. Please this type of info
securely and do not copy anyone who
does not need to know.

For Linda specifically all she needs to
know is that it is alleged that 3
congregants are dead and 2 are in the
hospital.

Having said that, thank you for digging
these details up. lets pass them along
to mary and the epi crew to figure out
whether these are real or not. If they
are we may have a cluster

Hey Linda,

I just got off the phone with a person who chose to remain nameless. He did however give me some more information on Golden Dawn Tabernacle and the COVID-19 Pandemic.

Here are the names and dates of three congregants of Golden Dawn Tabernacle that have passed away because of COVID-19:

[REDACTED]

The following list is of people who are currently in the hospital with COVID-19

[REDACTED] - Hospital Unknown
[REDACTED] - St. Mary's Hospital

This information would have to be checked into for accuracy but those are the names he gave me.

As for phone numbers, here are all the ones he gave me, some you may already have

Pastor Isaac Noriega

Home- [REDACTED]
Mobile- [REDACTED]
Email: [REDACTED]
Church- [REDACTED]

Assistant Pastor Matthew Noriega

[REDACTED]

I hope this information is useful, have a good and relaxing weekend

Hi all,

I've looked into Golden Dawn Tabernacle previously for CHFS, as they have received a few complaints about them. I searched an extract of all MEDSIS cases and did not see this facility mentioned at all on any cases (the extract includes comments section where most investigators put their notes). Investigators also alert me when any large gatherings are mentioned during an investigation.

If you have patient information, I could find out if they are cases or not. Apologies if that information is included on this email and I can't see it, I'm emailing from my phone.

Thanks everyone,
Davyn

The business mapping if we identify the names.

Medsis is a mess with that though as you have to have the state open up an outbreak module so you have to know enough to know to do that

I need to think of another way to track it in qualtrics for now. All of the CI will move to one instance of qualtrix and that will help.

All 5 of those are confirmed cases (details below). Please let me know if you need any other information. I will send an email to Dr. Villar and Cynthia Manuel (investigates TO cases) to see if they have heard of other cases associated with that facility.

- [REDACTED]
 - Confirmed COVID death (DOD [REDACTED])
 - Per medical records—he refused Remdesivir and convalescent plasma, wife brought ‘herbal medication’ to him while hospitalized
 - Investigation conducted by PCHD 8/11 with case’s wife while he was hospitalized
 - Wife denied him attending large gatherings, denies having sx herself and she was not tested
- [REDACTED]
 - Confirmed COVID death (DOD [REDACTED])
 - Per medical records—“patient initially did not want to be treated” but was convinced by MD, later was insistent again on discontinuing treatment
 - Interview was attempted by PCHD, case could not be reached
- [REDACTED]
 - Not in MEDSIS as deceased yet, however death cert may not have been received if he just passed on [REDACTED]
 - Seen at VA hospital—will send medical records request now
 - Case assigned to Maximus 8/18, unsure if investigation was completed
- [REDACTED]
 - Investigation was attempted by PCHD, multiple calls and letter sent
 - Admitted to BUMCS since 8/03/20
 - Now on comfort care, DNR
- [REDACTED]

- Admitted to St. Mary's hospital since 8/18/20
 - Critically ill, DNR
 - Per records—" PT FAMILY INFORMED PT AND ENTIRE CHURCH CONGREGATION HAS COVID AND PT HAS BEEN ILL FOR ALMOST 3 WEEKS"
- Case assigned to Maximus 8/21, unsure if investigation was complete

Hey Linda,

I just got off the phone with a person who chose to remain nameless. He did however give me some more information on Golden Dawn Tabernacle and the COVID-19 Pandemic.

Here are the names and dates of three congregants of Golden Dawn Tabernacle that have passed away because of COVID-19:

[REDACTED]

The following list is of people who are currently in the hospital with COVID-19

[REDACTED] - Hospital Unknown
[REDACTED] - St. Mary's Hospital

This information would have to be checked into for accuracy but those are the names he gave me.

As for phone numbers, here are all the ones he gave me, some you may already have

Pastor Isaac Noriega

Home- [REDACTED]

Mobile- [REDACTED]

Email: [REDACTED]

Church- [REDACTED]

Assistant Pastor Matthew Noriega

[REDACTED]

I hope this information is useful, have a good and relaxing weekend

Respectfully,

Manny Mejias

Complaint Subject

To report an establishment for not complying with other County COVID-19 protection rules.

Complaint Details

This church has not stopped services since the Coronavirus pandemic started. They hold services on Wednesday evenings and twice on Sundays. Roughly 400-600 attend each service. There have been reports of positive covid cases, and deaths from the members of this church. The pastor has convinced all the members to not get tested or seek treatment. I believe the reason nobody has caught on to this church because it is directly in front of the Desert Diamond Casino and the traffic is busy there. Also, if you look them up it is very hard to find any info on the church. Please check it out.

Complaint Subject

To report an establishment not complying with the County Face Masks in Public rule.

Complaint Details

The pastor of Golden Dawn Tabernacle is speaking out against social distancing, and will not allow the 500 + member congregation wear masks during services. Isaac Noriega is the pastor, and his wife just recently died of Covid-19, and yet he still refuses to allow anyone to wear a mask. Currently, most of the congregation has Covid-19, and they are told to come to church, even if they are sick. At least 8 of the members of the church are now on ventilators, and 4 have passed away. I am usually against government intervention with churches, but I feel that this needs to be dealt with. Their church is active in the Tucson community and will only continue to spread the virus if something is not done. If this is not the right forum to make a complaint, please let me know where else to go. I can no longer stand by and watch as people die because of Isaac Noriega's stubborn nature, and wrong teaching.

Thanks Yvonne.

Seems we've attempted reaching out to this church previously, but I've passed along to our faith-based liaison.

Thanks- we will have to work on the escalation process for such cases. Maybe transfer to supervisor if we identify a case with the possibility of much exposure and they won't give up contacts.

Matt

Hi Matt,

The MEDSIS ID is [REDACTED]. I cannot determine whether they attended the church or just reported it.

Also the graduation case was MEDSIS ID [REDACTED]. It was Prescott HS graduation and they declined to give contacts from that or from the party at their home.

Best,

Yvonne

We have received information regarding the Golden Dawn Tabernacle, @301 E. Los Reales in Tucson. A case called us and let us know that this church has had multiple positive tests and a death. There are around 600 people in attendance for church services on a regular basis. There is no social distancing and no masks required.

I'm sending it your way in case Pima County wants to know about it.

Thank you

Mr. [REDACTED]

Thank you for your inquiry regarding mask use at Golden Dawn Tabernacle; we have made note of the report. To date investigators, report there is no way to contact this facility. The Pima County Health Department, along with State and Federal entities, are working diligently to educate the facilities and the public on best practices to prevent the spread of COVID-19. This includes ensuring facilities have up-to-date guidance and applicable requirements during the pandemic in regards to both employees and patrons provided in the newest County Resolution 2020-49 adopted on Friday, [June 19, 2020](#) - [Requiring Persons to Wear Face Coverings When They are in Public Places](#) , Arizona Executive Order 2020-40, and the newest revised Proclamation signed July 15, 2020. The facility will be contacted and informed of current requirements requiring mask use by employees and asked to encourage mask use by customers. To stay up-to-date, visit:

Thank you very much for your response. Me and a group of people have been extremely worried about our families that attend this place. When I found out that they never stopped congregating I was appalled at the behavior.

This is a highly controlled group that uses fear, obligation and guilt to make people obey the leadership (Noriega). The members are afraid to report this to the authorities because they fear the backlash that they will bear. I have text messages of current members asking for help. They are not allowed to use the internet, so they are disconnected from the rest of the world.

If you need anything else from us, please let me know and I will do my best to get it over to you.

Regards,

Mr. [REDACTED]

Thank you for your inquiry regarding mask use at Golden Dawn Tabernacle; we have made note of the report. To date investigators, report there is no way to contact this facility. The Pima County Health Department, along with State and Federal entities, are working diligently to educate the facilities and the public on best practices to prevent the spread of COVID-19. This includes ensuring facilities have up-to-date guidance and applicable requirements during the pandemic in regards to both employees and patrons provided in the newest County Resolution 2020-49 adopted on Friday, [June 19, 2020 - Requiring Persons to Wear Face Coverings When They are in Public Places](#) , Arizona Executive Order 2020-40, and the newest revised Proclamation signed July 15, 2020. The facility will be contacted and informed of current requirements requiring mask use by employees and asked to encourage mask use by customers. To stay up-to-date, visit:

Subject: UPDATE: Golden Dawn Temple

Good morning Lee,

I received another call concerning the Pastor and congregants of Golden Dawn Tabernacle. This is the third call with a concern. I have been told that the congregants are afraid of the Pastor who is the ultimate authority even deciding if and when someone could go to the hospital. Here is information about yesterday's call. I will be working on an email for the Pastor which I will share with you before sending for your critique and approval. Have a good day

I spoke with [REDACTED], who called with concerns that the Pastor of Golden Dawn Tabernacle was not allowing congregants to wear face masks or practice social distancing while attending services. I directed [REDACTED] to the ADHS website and suggested that she share it with whomever she could. I explained to her that I could not find a phone number or email for the church and have not been able to contact the Pastor. [REDACTED] texted the following information to me after our conversation. I will be emailing Pastor Noriega today.

Pastor Isaac Noriega, age 71

Home [REDACTED]

Mobile [REDACTED]

Email [REDACTED]

Church # [REDACTED]

Respectfully,

Manny Mejias

Good morning, Manny. I don't believe we've met; Julie Kudrna is training me to do COVID phones triage, so hi and please bear with me as I learn the ropes!

[REDACTED] phoned for guidance on the Golden Dawn Tabernacle being open with positive COVID-19 cases. [REDACTED] asked for a return call to discuss the situation, and can be reached at [REDACTED].

thanks, allison
